

AIR NATIONAL GUARD

A part-time component of the United States Air Force. In the Air National Guard, you will attend drill weekend once a month and active duty training 15 days each year.

We perform both a state and federal mission, so our members receive both federal and state-specific benefits.

ENLISTMENT DAY

FOUR STEP ENLISTMENT PROCESS

Our main goal is to ensure you know who we are and what we are all about. We created a 4 step enlistment process to provide you a sufficient amount of information to make an informed decision.

We understand joining the Armed Forces is a huge commitment and you have many options available.

We want you to be confident you made the correct choice!

STEP 1: INITIAL ELIGIBILITY REQUIREMENTS

Congratulations on your decision to qualify for the U.S. Armed Forces.

We require the following personal documents before we can schedule you for an appointment with the Military Entrance Processing Station (MEPS).

- ☐ Driver's License
- ☐ Social Security Card
- ☐ Birth Certificate
- ☐ High School Diploma

Additionally, the following documents are required to be completed prior to your MEPS appointment. The documents ***DO NOT*** obligate you to an enlistment.

- ☐ Receive Privacy Act Statement briefing
- ☐ Air National Guard Statement of Conduct
- ☐ Prohibited Activities (DD Form 2983)
- ☐ Air Force Drug and Alcohol Abuse Checklist (AF Form 2030)
- ☐ National Guard Eligibility Checklist (NGB Form 3621)
- ☐ Medical Pre-Screen (DD Form 2807-2)
- ☐ Request for Examination (USMEPCON-680-3A)
- ☐ DDFORM1966/5 (if 17yrs old)

Once again, congratulations on your decision to pursue qualification for the U.S. Armed Forces and thank you for your interest in the Minnesota Air National Guard!

STEP 2: QUALIFY FOR THE ARMED FORCES

At MEPS, you will need to pass the Armed Services Vocational Aptitude Battery (ASVAB) and a Medical Physical. Once you complete MEPS, your recruiter will have the information needed help you find a career.

These scores are good up to 2 years and are good for **ALL** branches of the Armed Forces.

The best part of getting through MEPS is it sets you up for STEP 3 of our process, the Career Tours!

STEP 3: CAREER TOURS

Don't pick your job off a piece of paper! Tour the jobs you find most interesting.

See the work area.

Talk to the Airman who actually perform the work.

Get all your questions answered!

STEP 4: Enlistment Day

Oath of Enlistment is a personal commitment. It is a common thread all Armed Forces members, past and present share.

On this day, you make the decision to join the world's greatest Air Force!

WHAT'S MY COMMITMENT?

If you've never served in the military before, the commitment is 6 years. To start, you'll attend Basic Military Training (BMT) and Technical Training (Tech School) full time. For the remainder of your commitment, you'll work part-time one weekend a month and two weeks per year.

Military Service Obligation is 8 years for all initial enlistment contracts. You will commit to 6 years of service to the Air National Guard and 2 years of service in the Individual Ready Reserve (IRR).

Stay in good contact with your new team between drill weekends.

Report to your new team on drill weekends.

Prepare for physically and academically for Basic Military Training with other recruits.

Job Shadow and prepare for your technical training.

DRILL WEEKENDS

Before Basic Military Training (BMT) you will report to drill weekends. During drill weekends, you will be assigned to the student flight which consist of newly enlisted members just like yourself. While in the student flight you attend briefings and conduct physical training. You will be more than prepared to tackle BMT!

BASIC MILITARY TRAINING

Serving in the Air National Guard is not easy. It all starts with BMT, an 8-week course at Lackland Air Force Base, San Antonio, TX.

BMT is designed to test and build your mental and stamina. IT will give you all the fundamental skills you need to become an Airman.

TECHNICAL SCHOOL

After BMT, you'll go to Technical School (Tech School) to learn skills specific to your chosen Air Force Specialty Code (AFSC).

The location and length of time you spend in Tech School will vary depending on your AFSC.
